

# A LESSON ON THE ROAD

## **Purpose of the process:**

Going deeper and examining those uncalled events that we are passing “on the road”.

The day to day life isn't planned. We experience infinite “random” events every day. Some are big, like car accident, serious illness, dismissal, etc. And some are “small”: a gift, a random meeting in the street, loss of a key...

Let's stop to see what these events are telling us.

Randomly or openly select three cards and work according to the following order >>>

## **1. What's the event trying to tell me?**

## **2. Why today/now?**

## **3. What is my lesson?**

**This process map was developed by:**

Merav Necker Fogel, a coacher
